Testimonial for Ishreen Bradley 13/02/2012

I'm Alan Greenfield and was the first one to join the Metro Bank master mind group from BNI.

I can't thank Ishreen enough for the amount of time and care she spent helping me improve and increase the profitability of my business

By being more positive and removing the negativity that I had, has allowed me to focus on bringing in new business that I thought was not possible.

If you want find out how to increase and improve the quality of your business I strongly urge you to join one of her groups.

I am considering rejoining again later on in the year.

Thanks again for all the care and advice you gave me over the last 6 months.

**Warmest Regards Alan Greenfield Jeweller BNI
